

# Menu Solutions for Hospitals

Chicken of the Sea is a leader in culinary quality and client satisfaction. Discover the perfect menu solutions and right-fit products for the rigorous needs of your healthcare clients. With a focus on healthy menus, ease of preparation, and sustainability, the entire team at Chicken of the Sea is dedicated to your success. Healthy seafood products from Chicken of the Sea spell comfort food and on-demand convenience for your patients and guests. **Here's how we can help you:**

## Room Service

Chicken of the Sea salmon and tuna products offer you a range of on-trend, on-demand menu possibilities. Convenient, single-use packaging such as pouches, flavored pouches, and easy-open cups adapt to speedy prep on-demand.

## Specialized Menus

A natural fit for Mechanical Soft and National Dysphagia Diet Level 2 menus, Chicken of the Sea canned salmon and tuna products offer both taste and texture appeal. Try our elegant, ultra smooth Salmon or Tuna Mousse recipe for your pureed diets!

## Traditional Tray Service

Say "Yes" to classic comfort food, and mix up some exciting new culinary concepts. Versatile Chicken of the Sea products power up your menus with economical protein that fits a wide range of flavor profiles and plate presentations. High acceptance rate and the ability to meet a broad range of menu parameters make Chicken of the Sea a winner for your menus.

## Cafe & Retail Service

Chicken of the Sea products can factor into your recipe for retail revenues. For example, Technomic Menu Monitor (Dec. 2014) says menuing a salmon salad sandwich can boost your per-sandwich profitability by 16%. Have you tried single-serve seafood pouch add-ins for your salad bar—and convenient To-Go Cups or Lunch Solutions Tuna Salad for vending, late-night dining, and grab’n’go? Our easy-prep grab’n’go recipes offer even more ideas. In retail settings, consumer brand recognition is on your side.

## Wellness Promotions

Seasonal wellness promotion kits help you deliver extra value to your residents, while showcasing your commitment to the greater community. Discover merchandising tools and educational downloads to help you build your next promotion.

## Catering

The Chicken of the Sea healthcare recipe collection includes scalable, enticing concepts for your catering event.

### Ride the Wellness Wave!

Low in saturated fat and rich in omega-3s, protein, B vitamins, vitamin D, phosphorous, and selenium—Chicken of the Sea is a versatile prescription for healthy meals. Our flagship canned salmon and tuna products readily fit Dietary Guidelines for Americans sodium recommendations, too.

### Sustainability

We support your sustainability initiatives. As a leader in global seafood sustainability, we enforce high standards of stewardship and global responsibility from sea to shelf.
